

# Weekly Report

2018.2.27-2018.4.1

Zhou Shuyue

## Work Summary

1. Restructure and modify the old project Visevo of last year.
2. Write basic algorithm of r-tree and kd-tree.
3. Work on the binnedmap system and brush&linking system with Yating.
5. Test the results of big dataset on Binnedmap system.

## Future Work

1. Perfect the work in March and complete my graduation project.
2. Read more papers and learn more.
3. Maybe keep on working on Visevo.
